Our school strategies are showing substantial progress toward our targets

After reviewing our *Great Results Guarantee* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Build the capacity of teachers and teacher aides in teaching literacy and numeracy.
- Better prepare and support teacher aides to consolidate student learning in numeracy and literacy.
- Embed the culture, climate, processes and protocols of classroom observation and feedback to support professional development and encourage reflective practice / action learning.
- Provide focused and intensive teaching for students requiring additional support to demonstrate achievement against the year-level achievement standards.
- Build teacher capability to use technology to differentiate and improve learning.
